NEUSON**
all it takes!

Trash Pump MDP3

This self-priming centrifugal trash pump driven by a reliable WN 9hp engine and equipped with special cast iron impeller and volute, features performance and durability fit for any construction job-site. It is the ideal choice for pumping all kinds of dirt and trash water.

MDP3

Compact design with easy access to pump housing, allows trouble-free operation.

Strengthened cast iron impeller and volute for improved durability and silicon carbide mechanical seal for longer service life.

Reliable and powerful 9 hp Wacker Neuson engine.

Unique wide impeller opening and volute channel design enables true solid handling capacity up to 25.4 mm

| SPECIFICATOINS | UNIT | MDP3 |
|--|-----------------|---------------------------------------|
| Length x width x height | mm | 688 x 528 x 572 |
| Diameter (suction and discharge) | mm | 80 |
| Operating weight (fuel tank half full) | kg | 67 |
| Shipping weight (including packaging) | kg | 68 |
| Discharge Head | m | 20 |
| Discharge capacity | l/min | 1,150 |
| Suction height | m | 7 |
| Solids diameter | mm | 25.4 |
| Engine / Motor type | | Air cooled, 4-stroke, single cylinder |
| Engine / Motor manufacturer | | WN9 Wacker Neuson |
| Engine displacement | cm ³ | 270 |
| RPM / speed | rpm | 3,600 |
| Power (max.) | kW | 5.8 |
| Tank capacity (fuel) | l | 6.5 |
| Runtime | h | 2.5 |
